

CALL FOR APPLICATIONS FOR CO-FINANCING STUDENT MOBILITY FOR STUDIES AND TRAINEESHIPS AT THE UNIVERSITY OF MARIBOR, ERASMUS+ (KA171) – INTERNATIONAL CREDIT MOBILITY, 2023/2024 ACADEMIC YEAR – WINTER SEMESTER

To apply for this call, you have to observe the application deadlines of your home university!

1. GENERAL PROVISIONS

The Erasmus+ programme enables students to complete a part of their regular study obligations at any level or cycle (including the preparation of diploma, master or doctoral theses, but excluding research, which is not a direct study obligation) at an international partner institution (in this case the University of Maribor) instead of at the home institution.

Partner higher education (sending) institutions are institutions from partner countries who have concluded an Erasmus+ Institutional Agreement with the University of Maribor (hereinafter: UM) for student mobility for studies.

Students from a partner institution may apply for mobility to the UM.

In the framework of this call, mobility from all listed partner institutions to the UM will be co-financed within the given range of financial means.

Students may also apply as zero-grant students and they will not obtain any financial grant.

Studies at the UM must last a minimum of 2 and a maximum of 12 months. Traineeships must last a minimum of 2 and a maximum of 12 months.

Students, who will obtain financial means in the framework of this call, may apply for mobility for one semester.

This call enables applications for mobility for studies at the UM in the period from 1st August 2022 to 31st July 2025.

2. BASIC CONDITIONS

Students meeting the basic requirements for the status of an »Erasmus+ Student« foreseen by the programme, may apply for this call. These requirements are:

- Students must be enrolled in the home institution for the entire duration of the study period abroad.
- In the 2023/2024 academic year, students must be enrolled at least in the second year of undergraduate studies.
- Students must not exceed the maximum of 12 months of mobility in the framework of Erasmus LLP, Erasmus Mundus, and Erasmus+ at the same level of studies (in which they will be enrolled in the 2022/2023 academic year) together with the planned mobility. Students of one-cycle programmes (5- or 6-year programmes) must not exceed 24 months of mobility.

The period of studies abroad must be a part of the study programme of the student of the first cycle (undergraduate or equal), second cycle (master level or equivalent) and third or doctoral cycle.

Based on this call, a student may apply only for one mobility.

Students, who have outstanding financial obligations under the programmes Erasmus LLP, Erasmus Mundus, and Erasmus+, may not apply for this call.

Students may not carry out the mobility in the country of the sending institution, in the country where they reside or have their permanent residence during their studies, in the country where they were born or in any country of their citizenship.

Students must reside in the city of the host institution for the entire duration of the Erasmus+ studies! The UM may request proof of stay at any time: a copy of a rental contract in the place of studies for the total period of studies, registration at the foreigners' office in the place of studies abroad, confirmation of payment of rent, etc.

Study obligations agreed before departure by the student and the sending and receiving institutions in the Learning Agreement for Studies that will be performed by the student at the partner institution abroad will be recognized at the home institution after their return. Information about recognition will be sent to the UM on the Recognition Certificate by the sending institution by 31st July 2024 at the latest.

Recognition of successfully passed obligations may be rejected only if the student did not achieve the requested level of knowledge/skills demanded by the receiving institution or did not fulfil other agreed obligations and conditions for recognition.

A condition of the Erasmus+ programme is that all obligations passed during Erasmus+ studies abroad have to be recognized at least by entrance into the Diploma Supplement.

Based on the Decision of the UM Senate, in order to be eligible for a financial grant, students must have acquired at least:

- 10 ECTS per trimester (3 months)
- 20 ECTS per semester (6 months)
- 40 ECTS per academic year (12 months)

3. FINANCIAL GRANT

Students receive individual support and travel support.

Travel support depends on the distance between the registered office of the home institution and the place of destination and is approved based on actual costs, but to the maximum of the amounts in Table 1.

Table 1 – Travel costs – maximum amounts regarding the distance between the registered office of the home institution and the place of destination

Travel distances	In case of standard travel	In case of green travel
Distances from 10 to 99 km	20 EUR	/
Distances from 100 to 499 km	180 EUR	210 EUR
Distances from 500 to 1999 km	275 EUR	320 EUR
Distances from 2000 to 2999 km	360 EUR	410 EUR

Travel distances must be calculated using the distance calculator supported by the European Commission (http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm). The distance of a one-way travel must be used to calculate the amount of the EU grant that will support the round trip.

Top-up for green travel

Any participant eligible for sustainable (green) travel. Green travel is defined as travel that uses low-emission means of transport, such as bus, train or car sharing, for the majority of the travel.

A declaration of honour signed by the person receiving the travel grant is used as proof of the use of sustainable means of transport.

Students who opt for a green travel will receive up to 4 days of additional individual support to cover travel days for a return trip, if relevant.

The Erasmus+ grant only co-finances the costs of mobility. The amount of the monthly Erasmus+ grant is awarded based on Table 2.
