

## Blended Intensive Programme

### „Internationalisation in Language Courses in Higher Education “

This Blended Intensive Programme (BIP) will explore various dimensions of internationalisation in university-level language courses. Key questions include: What types of projects can be integrated into language courses to provide students with authentic opportunities for communication in an international context? And what learning outcomes can be expected from such projects, particularly with regard to language, intercultural, and collaborative competences?

The programme will take the form of a thematic week, featuring a series of workshops, talks, and participant-led contributions. It will highlight the potential and diversity of internationalisation in language education, with a focus on both pedagogical innovation and institutional practice.

#### WHERE & WHEN

The BIP will take place at Technische Hochschule Mittelhessen, Campus Gießen and Friedberg.

VIRTUAL PERIOD	PHYSICAL PERIOD
<b>04.03.26</b>	<b>09-13.03.26</b>

#### REGISTRATION

##### VIA EMAIL
