### PARTNERS

"Legal Interpreting for Mediation" is an introductory and comprehensive Blended Intensive Programme (BIP) designed to equip participants with the skills and knowledge necessary to navigate communicative situations requiring language mediation. During this BIP participants will gain insights into cultural nuances and etiquette to ensure accurate and effective communication in legal settings.

Participants will work in international environments and take part in lectures, role-plays, simulated onsite and remote interpreting scenarios, institutional visits, and project-based activities. The programme also provides opportunities to develop teamwork, problem-solving, and mediation competencies in realistic legal settings.

The BIP is offered in a blended format, combining virtual sessions through MS Teams and Moodle with an intensive face-to-face week hosted at Porto Accounting and Business School – Polytechnic University of Porto (ISCAP). The programme is organised in partnership with the University of Orléans (France) and Maria Curie-Skłodowska University (Poland).

### **Important Info:**

- Before applying, talk to your International Office and make sure you can attend the complete period of the mandatory 5 days of the face-to-face course.
- Applications from the partner universities will have priority.
